

LYOPHILISATION TECHNOLOGY:
PRODUCTS, PROCESS
AND SYSTEMS

COURSE SCHEDULE

DAY ONE- THREE

Course Overview

This course provides a comprehensive insight into a wide range of elements in freeze drying, including details on the concepts and practical aspects of each step of the process, principles and methodologies for formulation development and characterisation.

Additionally, it covers approaches to cycle development and scale-up including Quality by Design, fundamental equipment features of refrigeration, vacuum and control systems i.e. PAT tools, and aspects of troubleshooting, maintenance and qualification.

+ Day One

- Welcome & Course Opening
- Introduction to Freeze Drying Technology
- Freeze Dryer Design
- Break
- Product Freezing
- Freeze Dryer Design (2)
- Lunch (included)
- Primary Drying
- Freeze Dryer Systems
- Break
- General Concepts of
- Formulation
- Refrigeration Systems

+ Day Two

- Formulation Characterisation
- Vacuum Systems
- Formulation Characterisation (2)
- Break
- Temperature Measurement & Calibration
- Secondary Drying, PAT & Endpoint
- Lunch (included)
- Refrigeration Systems (2)
- Cycle Design & Scale-Up
- Break
- Validation & Qualification Systems
- Workshop 1

+ Day Three

- Maintenance Strategy for Freeze Dryers
- Freeze Dried Product Analysis
- Break
- Sterilization Systems
- Vials, Stoppers & Barrier Technology
- Lunch (included)
- Freeze Drying of Proteins
- CIP systems
- Workshop 2 (Introduction)
- Refreshments
- Workshop 2 (Conclusion)
- Course Ends

IS THIS COURSE RIGHT FOR YOU?

IF YOU'RE INTERESTED IN:

- 1) Biotechnology
- 2) Pharmaceuticals
- 3) Freeze Drying Formulation and Cycle Development
- 4) Diagnostic industries

MEET THE EXPERTS

+ Dr. Kevin Ward

Kevin was awarded his PhD for studies in pharmaceutical freeze drying, focusing on the use of protective agents in formulations of proteins and liposomes for drug and vaccine delivery. He is R&D Director at BTL and regularly lectures on the freeze drying process.

+Kevin Smith

With over 20 years of industry experience, Kevin is the Technical & Service Director. He has carried out installations, qualifications and re-location of a variety of freeze drying machines and is responsible for overseeing the day to day runnings of the engineering team.

PRICE
€2100

PRICE
€1800
EARLY BIRDS

MAY 15TH -17TH 2018
NIBRT
FOSTERS AVENUE, MOUNT MERRION
BLACKROCK, CO. DUBLIN

BOOK NOW

Email: bt1@biopharma.co.uk

Tel: +44 (0) 1962 841092

Website: www.intelligentfreeze-drying.com/training-courses/

Please note that the cost of accommodation is not included in the course fee* and that bedroom bookings must be made by the participants.

A list of local hotels will be provided with the registration confirmation.

*fees include morning and afternoon breaks, lunch and full lecture notes

Early bird prices for this course will be valid until **March 30, 2018**

Payment must be made in full before the start of the course to guarantee a place. Payment by BACS or credit/debit card is acceptable - please note we cannot accept payment by cheque. An invoice will be issued on receipt of booking. Payments in credit/debit card will be charged in GBP at the prevailing exchange rate as set by xe.com. An invoice will be issued on receipt of booking. Discounts are also available for academia and multiple bookings from the same company, please contact Sally Potentier at spotentier@biopharma.co.uk for more information. Cancellation in writing more than 5 weeks before the course start date will incur a service charge of 30% of the applicable fee. No refunds can be made for cancellation after this date. Substitutes will be accepted at any time. Transfer to another scheduled course must be made in writing and a service charge will be incurred. Full T&Cs available on request.
